

THE DIGITAL SIDE OF RACING

Sim Racing Expo

Simracing = real Racing. As PRO drivers get invaluable track time before travelling to the actual circuit and Simracers have stepped into actual race cars - boundaries melt away. At the SimRacing Expo, we explore the world of all the racing beyond the track.

SIM RACING EXPO

- The go-to event for everything racing – outside of racing
- From high-end race simulators to RC cars and slotcar racing – the SimRacing Expo provides a 360-degree experience on motorsport simulation and gaming
- Individual and Team Competitions with an international line-up of entrants
- Presentation of the latest hardware and software from the market
- German and English Livestreams as well as web clips during the event

A wide-angle photograph of an exhibition hall filled with racing simulators. Large screens in the background display racing games. The hall is brightly lit with blue and purple lights.
